Vanguard TEFL Website Update – Learning Style Quiz Integration

This document contains instructions for integrating the Student Learning Style Quiz link into the Vanguard TEFL website. The goal is to provide teachers with a quick, accessible tool to understand their students' learning preferences.

1. Placement on Website

• Location: Place the link under the 'Teacher Toolkit' or 'Additional Resources' section.
• Label: 'Discover Your Student's Learning Style – Free Quiz'
• Description (optional, under the link/button): 'Help your students succeed from day one. Have them take this quick, no-sign-up quiz to find out their preferred learning style, so you can tailor your lessons for maximum engagement.'

2. Technical Implementation

• Option 1 (Recommended – Quick Setup): Add a direct hyperlink that opens in a new browser tab.
  - URL: https://www.learningstylequiz.com/
  - Ensure 'target=_blank' is used so the quiz opens in a new tab and users stay on Vanguard TEFL.

• Option 2 (Optional): Embed the quiz in an iFrame on a dedicated Vanguard TEFL page.
  - Example iframe code:
    <iframe src='https://www.learningstylequiz.com/' width='100%' height='800' style='border:none;'></iframe>
  - This option may not work if the external site blocks embedding.

• No login or account is required for users to take the quiz.

3. Testing

After adding the link or embed:
• Verify the link opens correctly.
• Test on both desktop and mobile devices.
• Ensure the quiz displays properly and does not require sign-up.
• Confirm that Vanguard TEFL's navigation and branding remain accessible (if embedding).
